

SIEMENS

Siemens **Comet** – economic and efficient heating

Intelligent Comfort

In co-operation with Glen Dimplex Nordic

Siemens Comet – 2NC3

Attractive and compact design
 Excellent value, simple to operate
 Electronic thermostat

A compact range of wall heaters with discrete Controls and highly efficient heating.

Designed to offer economical, stylish and safe heating solutions. Ideal for use in domestic and commercial applications.

High quality electronic thermostat and safety cut-out ensure a safe installation and completely silent operation.

Siemens panels are very economical to run, utilizing energy fully with 100 % of power input emitted as heat.

L-models:
 Cord and plug for simply plugging into existing power points.

A-models:
 Cord for permanent connection to power. Pilot wire for central control of temperature setback.

LT-models:
 Cord and plug for simply plugging into existing power points. Local timer for ON/OFF control, programmable on weekly base.

TYPE	POWER W	WITH MM
